

On It's Supernatural:

*Sir Isaac Newton,
considered the greatest scientist in history.
But did you know he was also an expert
on the supernatural?*

"I have finally found it.

I have solved the riddle of when the Messiah will return."

Do angels exist?

Are healing miracles real?

Is there life after death?

Can people get supernatural help from another dimension?

Has the future been written in advance?

*Sid Roth has spent 25 years researching
the strange world of the supernatural.*

Join Sid on this edition of It's Supernatural.

Sid: Hello, Sid Roth here. Welcome to my world,
where it's naturally supernatural.
But that's the way it's supposed to be, naturally supernatural.
Have I got a supernatural book.

I mean I've never read a book like this before.

It's a historical fictional novel
that reads exactly like today's newspaper.

I mean it's got a female President of the United States,
it's got everything going on in the middle east,
it's got everything going on with the economy
of the United States and the world.

And then, it has this subplot where you can see
in the spirit world how it's influencing people.

Now I have the author here, Neill Russell.

Neill is a high school teacher.

How long have you been teaching at Annapolis High School?

Neill: I started teaching at Annapolis when I was 20 years old.

I'm 55, so if you do the math, that's 35 years.

I've taught three generations of Annapolis children.

Sid: Why did you write this novel? It's your first novel.

Neill: First novel. I had no intentions of writing a novel.

Sid: It is a supernatural book. Do you realize that?

Neill: Absolutely. It's all God.

Back in 2005, I was watching people read this book
called "The da Vinci Code", and as a Christian,
I knew it was filled with lies from Satan,
and people were buying that book as if it was the truth.

So, what I did was I tried my best to contact people
to come up with another book that would discount that.

People were watching "Harry Potter."

These are lies from the Devil.

People would also go to the movies to watch "The Passion."
They wanted the truth.

So in 2005 I heard God say "You write the book."

And I am not a novelist. I work three jobs a day.

I looked at my schedule and said "I can't do that."

But God wouldn't let me go.

So, God took a man named Isaac Newton,

somebody we've all heard about,

and Isaac Newton's mentioned in "The da Vinci Code."

It's all lies. God showed me the truth about this man.
This man was a devout Christian.

Sid: First of all, everyone's heard of Isaac Newton,
and the law of gravity and things,
but what is he considered?

Isn't he considered one of the finest scientists
in the history of the world?

Neill: Isaac Newton is probably the smartest
human being that ever lived.

He felt that God had placed him on earth,
not only to figure out how the universe worked,
but also... Something people didn't realize,
he was a Bible scholar,
he knew all the ancient languages, especially Hebrew.
He felt that he was placed here to find out
when Jesus was going to return.

Sid: Well I know that he came up with
that Jesus would return by a certain year,
but you were able, through all of this information,
and you put it in the book, and I've been debating
as to whether I should tease you or not,
but I think I'm going to let you know the exact date
that Sir Isaac Newton figured out,
from studying Revelation, studying Daniel,
that Jesus is going to return.
And this doesn't mean it's correct,
but it means the smartest man in the history of the world
studying the most significant book in the history of the world,
the Bible, this is what he came up with.

What did he come up with?

Neill: Isaac Newton studied all the books
that you mentioned of prophecy,
but the one that he really held onto is Daniel.
He looked at the 9th chapter of Daniel.
He interpreted the years that are there as prophetic years,
each year being 7 years. But he took a different slant.
Most people add up those years and come up with 483 years.
The add that up, come up with a time
when Christ first returned.

But he took a look at that last 49 years, and he also said
that the Jews would one day return to their homeland.
Now this is 300 years before that fact.
And, that once they were in their homeland,
that they would have Jerusalem as their capital again.
Now that occurred in 1967.

And what he did is take the 49 years in Daniel 9,
added those to 1967, he came up with a year.
And he admonished people "We are not date-setters."
God's word says that. He knew God's word.

Sid: Of course.

Neill: But the year he came up with is 2016.
Now some people will say 2060.

He scratched that on a piece of paper.
But he really felt 2016 would be the year of Jesus' return.

Sid: And this is all in the book.

But on the day that you signed the contract
with the publisher, what happened to your wife Cindy?

Neill: Cindy didn't reveal this to me until about a month later.
The reason she didn't is because I wasn't believing
what she was telling me.

Cindy told me throughout 2006, as I was writing the book,
that God told her Satan wanted to kill her,
and I, being the husband and the spiritual head
of my family, I was to pray over her.
And I told Cindy "Shut up." I didn't want to hear that.
The end of 2006...

Sid: Why didn't you want to hear it?
You didn't believe in the reality of the spirit world?
You did. I don't get it.

Neill: Ok, I'm writing a book about devils and demons
and angels and prophecy, but I'm a man.
And I believe men have a problem
with bending to authority and believing.
Even though I've been in church since 1983
and I've heard all the words of God
and I've memorized scripture, it's the belief system.
It's not until it's tested, and it wasn't tested.
And when Cindy was telling me to pray over her,
and she's telling me she's seeing these things,
she saw demons in our house,
and I told her "Cindy, I don't believe you."

Sid: There was one night in particular,
tell me about that, where you were attacked.

Cindy: I was in my bedroom.

I had the pillows up against my back
and I was leaning up against the pillows like this,
and all of a sudden, through my house
I heard this whirlwind, and it went through the whole house,
and it hit me so hard. It hit me right here,
and it threw me back.

And it was right after that I started getting sick.

I stopped eating, I was losing weight.

And then, on March 11th,

Neill and I were getting ready for church,
and I told Neill "You'll have to take me to our local hospital,
I'm not feeling well at all."

And I was even unable to drink.

So he did take me to the hospital,

and they did an ultrasound on me, and they found something.

And then they said "Cindy, I'd like to do more testing on you",

so they did a CAT scan, and that's when they found out

I had bile duct cancer, which went to my liver,

and the cancer consumed 80 percent of my liver.

Sid: What's the medical prognosis of such a disease?

Cindy: Death. It was definitely death.

Sid: Hold that thought. We'll be right back after this word.

But death is not the final answer

when you believe in the supernatural of the Living God.

Don't go away.

We'll be right back to It's Supernatural.

We now return to It's Supernatural.

Sid: Hello, Sid Roth here with Neill and Cindy Russell.
Neill wrote the most supernatural,
wonderful, historical fiction thriller,
that reads just like today's newspaper.
It's so supernatural that I'm amazed
at some of the things he put in here.
Just between you and me,
you have the first female President of the United States.
Was she running when you started this book?
Did you know that she would be running for President?
Neill: Had no clue. No one threw their hat into the arena yet.
I truly believe that what is in that book was right from God.
Sid: Now, listen. Neill was a strong Christian,
but really in his head. But in his heart,
he wasn't so sure about this supernatural realm.
Yet this book is filled with it, written on two levels:
what's going on in the spirit realm
and how it's affecting the natural realm.
You won't want to put this book down.
But Neill really and truly didn't believe this,
and his wife, a year earlier, was given a word from God:
You'll live and not die, and declare the works of the Lord.
She didn't quite understand it,
she asked Neill to start praying,
she started seeing demonic activity,
she actually was attacked one night,
and Neill wouldn't do anything.
What changed your mind, Neill?
Neill: I love her with all my heart. And those of you
that have a relationship with 35 years invested,
you will do anything for that person.
Sid: I mean when you found out, bile duct cancer,
no hope of surviving, you came to your senses.
Neill: We went to every major hospital, same diagnosis.
Hopkins, Mayo Clinic, UPMC - less than 6 months to live.

No one has ever survived having 80 percent of their liver consumed with cancer.

Sid: No one?

Neill: No one has ever survived. Cindy's tumor marker, which measures how much cancer you have, was the highest ever recorded.

Most people die with a tumor marker of between 300 and 400. Cindy's was 37,000.

So I cried out to God, I called Messianic Vision, I called The 700 Club, I called everybody to pray with my wife.

But it wasn't until one day I called a counselor at The 700 Club, and she revealed to me, even though Cindy was trying to tell me this, that she didn't believe what Cindy had was natural, but it was supernatural.

And it's like the blinders fell off my eyes, and I realized at that moment...

and I'm filled with scriptures, I know the scriptures, but I realized that it was my responsibility as the spiritual head of the household to pray over my wife.

And at that moment, I took authority in Jesus' name, I walked around my house 7 times,

the first time casting out all the demons, the second time I prayed angels around my house, and then I started quoting God's word.

I have not stopped from that moment on, Sid.

Every day, morning through night.

Sid: Cindy, do you believe that made a difference in the fact that you're even with us today?

Cindy: Oh definitely, because once he started taking authority as head of the household...

I was jaundiced, and my jaundice went away, and I was able to start eating at buffets.

Sid: God does not have to work through a miracle that we fashion in our mind. God is going to work the way He wants to work, and He directed Neill and Cindy to a doctor in a very supernatural fashion, who came up with new technology. Explain that.

Neill: Our doctor, Dr. Jerome Kennedy, invented a tool using a light beam that dissolves cancer cells that are wrapped around arteries.

You cannot remove cancer from a vein or an artery with a scalpel.

He is the only human being who has this patent.

He is a Spirit-filled Christian,

he gives God all the glory and credit for this.

So here we are, searching the world for a doctor.

Where did we find one? In the hospital where Cindy was born.

Cindy spent all summer of 2007 living at her mother's house.

God had a perfect plan,

and Cindy is 100 percent cancer free.

No human being has ever survived having 80 percent of their liver removed. In November of 2007...

Sid: If you hadn't prayed Neill...

Neill: She'd be dead, without a doubt.

Cindy would be dead.

Sid: I mean that was like a needle in a haystack,
to find that doctor.

Neill: Absolutely. And one thing I can tell you for sure,
Satan wanted her dead.

Satan did not want me to finish writing that book.

Sid: Give me a thumbnail sketch of this book,
"Newton's Riddle".

Neill: Sir Isaac Newton died in 1727,
and for the last 30 years of his life, he truly felt that God
wanted him to find out when Christ was going to return.
And what it shows us is he found out when it was.
No other book... All these "Left Behind" books
take you to the book of Revelation.

He found out that Jesus' return is now.

Sid: Listen, as wonderful as the "Left Behind" series was,
it doesn't hold a candle to the now-ness of this book.
Give me again a thumbnail sketch of the book.

Neill: Satan has a plan. Now we never think,
and it's never taught in church, and no one hears about this,
but Satan sits down and strategizes
with his demonic princes, and they sit down and plan it out,
just like the government does.

And what happens in the book is the Academy Awards
from hell, in chapter 7, in which they go back
and they give each other awards for all the schemes that they've done;
how they've desensitized us to sexual sins,
and how they've destroyed the families in America.

This is all plots that they've done for the last 45 years.

Sid: And you see this on the two levels.

Neill: Oh, absolutely.

Sid: But the premise is, disease hits the nation,
the President doesn't know what is going to happen,
and she has a meeting from one of the stars in your book,
and he discusses a scripture with her. What is the scripture?

Neill: This is the scripture, Genesis 12:3.

"God admonishes all nations throughout time.

I will bless those who bless the descendants of Abraham,
the Jewish people, and I will curse those who curse."

And America, since it's foundation,
has opened it's arms to the Jews.

Sid: And isn't it amazing that he is from Annapolis, Maryland,
where they had a plan to go against Genesis 12:3.

God says "I will curse those who curse the Jewish people."

Don't go away. Don't leave! This is getting exciting.

Be right back.

We'll be right back to It's Supernatural.

For He Himself is our peace,
who has made both Jew,
and Gentile, into one,
and broke down the barrier of the dividing wall.
His purpose was to create in Himself,
to create in Himself,
His purpose was to create one new man.
One new man.
One new man.

One new man.
One new man.
One new man.

We now return to It's Supernatural.

Sid: Hello, Sid Roth here with Neill and Cindy Russell, and I'm holding the hottest supernatural book. It's historical fiction, but it reads like today's newspaper. And just before the break, we were talking about where God says "I God will bless those who bless the Jewish people", Genesis 12:3, "and I God will curse those who curse them", and one of the curses is dividing up the land of Israel, because in the 105th Psalm, God says "I give the physical land of Israel, unconditionally and forever", He even uses the word "everlasting, to Abraham, Isaac, and Jacob and his physical seed." So God considers dividing up the land of Israel as opening up for a curse.

And there's so many curses that take place in the United States when this occurs.

Neill, tell me a bit about this Genesis 12:3, and the other scripture that comes into play in this book.

Neill: Sid, I believe God has shown me scriptures that have yet to be fulfilled, and one of the scriptures is Psalm 83, in which Israel cries out, at a time in the future, for God to intervene, because they're ready to be annihilated. There's this plot from the surrounding Muslim nations to wipe Israel off the face of the map.

And if we take a look at the news today, this is as current as right now, there's pressure on Israel to give back their covenant land to their enemies.

And we saw this back in 2005.

The first time since Israel returned back to the land in 1948 that they gave back a piece of their land, and it was under direct pressure from our President and the Secretary of State that Israel gave back the Gaza Strip.

Sid: And what was the repercussion to the United States for having done that?

Neill: The moment the last Jew was forcibly led out of the Gaza - and this is the moment - a tropical system formed off the coastline of Florida. It's name was Katrina, and we all know what happened there. Katrina turned into a monster, and it struck the Gulf coast. It struck the city of New Orleans, it destroyed most of Mississippi.

And thousands of people were killed, thousands of people were homeless, but at the same time, a year later, there are still thousands of Americans still living in shelters, and at the same time in Israel, there are thousands of Israelis who were displaced from the Gaza living in shelters.

And what we have done to Israel, God has done to us. This is what it says in Genesis 12:3.

And we don't want to see a curse on this country.
We love this country. I'm sure our President
doesn't want to see a curse on this country.
That's the reason most churches
do not preach about prophecy today.
They are into replacement theology, that the church
has replaced the promises that you just said,
that God made to Israel.
And one of the reasons God put this book on my heart
is to open the eyes of the church,
to open the eyes of our President.
I believe our President's a good man,
but he listens to the voice of men.
He needs to listen to the voice of God.
Sid: What would you say to President Bush
if you had a face-to-face meeting with him
right at this precise moment?
Neill: President Bush, I know you love God.
You proclaim to be a Christian; I believe you are.
But stop listening to the voices of men
and listen to the voice of God.
I have a scripture here that is not too often read,
but I'd like to read you verbatim
what I have written down. This is Obadiah 1:15.
"The day is near when I, the Lord, will judge the godless nations.
As you have done to Israel, so it will be done to you.
All of your evil deeds will fall back on your own heads."
This is a proclamation that God made.
He saw down the line that there would come a time
when Israel would become a nation,
and that the United States, as I believe Isaac Newton saw,
would support. And the only reason that Israel's on earth,
besides God's prophetic plan,
was that there would be a friendly nation to support it.
But in the Bible, it says that all nations,
at one time in the future, will withdraw their support.
Once that happens, and if America withdraws her support,
I truly believe that the curses...
It may not exactly happen the way I have it in the book,
but I read the newspaper, and I tell Cindy every day,
it's happening. It is happening.
And I believe that it will happen in the very near future.
Sid: Now Neill, you list the specific nations
that will come against Israel to battle,
and you got that right from the Truth Book, the Bible,
Psalm 83. Would you read that to me?
Neill: Sid, it says here, verbatim,
"Do not be silent, oh God, do not hold Your peace,
and do not be still, oh God,
for behold, Your enemies make an uproar.
Those who hate You have lifted their heads against You.
They have taken crafty counsel against Your people
and consulted together against Your protected ones.
They have declared
'Come, let us cut them off from being a nation
that the name of Israel shall be remembered no more',
and with one mind they plot against Israel."

Now here's a list of all the nations,
their ancient names, and their current-day counterparts.
And it goes like this. The ancient tribes
and their respective present-day descendants:
The Edomites, the descendants of Esau,
are the present-day Palestinians.
They live in Gaza, they also live in Israel and Jordan.
The Ishmaelites, the descendants of Abraham's oldest son,
now populate Saudi Arabia.
The Moabites and the Ammonites
are the descendants of Lot's oldest son and oldest daughter
are now the present-day Jordanians.
The Amelikes, the descendants of Esau,
populate the northern Sinai and Jordan."
And one more I'm going to list,
the Philistines are descendants of Noah's son Ham,
and their descendants are found in the Gaza today.
And it's the Gaza today that's causing the most problems.
Israel gave it to the descendants of the Philistines.
Isn't that amazing?

Sid: I think the whole thing is phenomenal.
I mean you don't have to be the most brilliant person to be
Secretary of State, all you have to do is read the Bible,
find out who in the nations are going to gang together,
find out what the Bible says about the Jew and Israel.
And you see, what God does is He uses Israel
to judge a nation.
What you do to Israel happens to you,
but He judges Israel Himself.

Cindy, you shouldn't be here. You should be dead.
Cindy: Correct.

Sid: But you are here.
There's a lot of people facing hopeless situations.
Would you look in the camera and talk to them?
Give them hope.

Cindy: Yes. I received hope, and it was through Jesus Christ,
because without Jesus Christ there is no hope.

I gave Him 100 percent of it,
because Jesus is our only hope.

He shed His blood on the cross and died for us.
So I give everything to Jesus. Without Jesus, I am nothing.

Sid: And God chooses many ways to heal,
but the truth is that every pain, every disease,
every hurt, every sickness,
everything evil that is going on your life,
2000 years ago went on Jesus.
And when His blood flowed, He said by His stripes
that caused the blood to be released, you were healed.
You were healed. And so, in the name of Jesus,
I speak hope to the hopeless.
I speak peace to the fearful.
I bind the spirit of fear in Jesus' name,
and I command healing.

Put your hand wherever your body is sick,
be it your heart, or be it your elbow, wherever,
or your fingers, and you do this.
You say the name that is above the evil in your body.

Say "Jesus! Be healed in Jesus' name!
Be free in Jesus' name. Be whole in Jesus' name."
And if you haven't made Jesus your Lord,
what are you waiting for? Yell out "Jesus, help!"
