

**Sid:** When my guest had a visitation from God, he now sees angels and these angels even supply new body parts on platters.

*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. **Sid:** Hello. Sid Roth here. Welcome to my world where it's naturally supernatural. I just love breathing in the rarified air of Heaven. Now my guest's grandfather was mentored by William Branham. As far as I'm concerned, Branham had some of the greatest miracles of anyone I had ever heard of short of Jesus. Now your grandfather was no slouch either. I mean, how old was he when a milk truck literally hit him?

**Michael:** Yeah. He was 96 and got run over by a milk truck.

**Sid:** Now a man 96, if he's run over by a milk truck he's never going to have any milk again. He's never going to get it up. What happened to your grandfather?

**Michael:** Well after he had been hit, it was anticipated he would die. But within two weeks, he had totally recovered, totally healed and back out ministering, preaching and weddings, just like it had never happened. It's amazing.

**Sid:** The Messiah said about you, he's talking about you, "You will do the same things I have done and even greater." Well Michael, you saw some healings and miracles, but you were kind of a burned out pastor before you went to Brazil.

**Michael:** Yeah. That's almost an understatement. I was just ready to quit and hang it up.

**Sid:** Just go into secular life?

**Michael:** Yeah. I was a musician and so I thought, well I'll just play some music and make some money, and take care of my family. But deep inside I knew I couldn't do that. The Holy Spirit just was always there and said no, no, no.

**Sid:** Okay. Okay. One of our guests, Randy Clark, went to Brazil and he invited Michael. Michael, why would you go to Brazil?

**Michael:** Well I had heard the amazing things that the Lord was doing down there and I was hungry. I mean, I would sit in my backyard and read these autobiographies of these great healing revivalists and I'd cry, and I'd say, "God, where is this? This is what I want. I can't do this without this." And I knew that the stories Randy was telling me, and we were friends from the movement we were in, that that's what I wanted. And people would say, "Well you don't need to go to Brazil. God will do it here." I said, "He's not. I'm going to Brazil. I need this." So I went and was with Randy.

**Sid:** Do you realize if you had not gone to Brazil I believe you would have missed your destiny?

**Michael:** I agree.

**Sid:** And I believe that when you're prompted by the Holy Spirit, don't let the devil lie to you and say, "Well, I can get it right here." You do what the Spirit of God tells you to do. He knows better. So you went to Brazil and that first night, Randy prayed for you. What happened?

**Michael:** Well he gave me a wonderful thing. Randy prayed for the team he was with. So he came and I was thinking, Lord, what if I get nothing? What if nothing happens to me? But as he came by I began to feel the strength of the Spirit and he laid his hands on me, which Randy has an amazing gift of the impartation. And as he did, the fire of God came on me, something I had never experienced in my life. I literally felt like someone had put me like in an oven, and I was so on fire. There was like a pool of perspiration.

**Sid:** You know, I'm a curious kind of guy. When they prayed for you, did it happen immediately? Did he pray for like five minutes and then it happened?

**Michael:** No. This was pretty quick.

**Sid:** Okay. Now when you say "the fire of God", you know, that's a word that most people can't relate to. What did it really, what was going on inside of you?

**Michael:** Well inside and outside I had literally, physically I felt like I maybe had a 120-degree temperature.

**Sid:** Seriously?

**Michael:** Seriously. It was hot, very hot.

**Sid:** Were you really sweating?

**Michael:** Oh big time. We have a picture someone took that I keep hidden away. I look like I'm in a swimming pool. I mean, I was covered because the heat was so strong. But as this began to unfold, there became an awakening is the best word I can use, where suddenly for the first time in my life I can see into the angelic realm. That was new for me. And I saw one of the angels in front of me, stand in front of me, take his finger and actually move it into my forehead three different times.

**Sid:** Now every time that he, say, touched your forehead, what happened to you?

**Michael:** I felt, tangibly felt like a tingling burning sensation every time that the finger would pass into my forehead it was like, I don't know if it was a impartation at that time or a healing. I was wondering what was going on. Because in my mind I'm thinking, what are you doing? Because I was not just hot. I was like shaking. I was on my knees. And I'm trying to talk myself out of it. But I thought, you know, what? I'm so hungry. I don't care any more. You know, if this

is you, God, I just want more of this. And it began to come and I saw an angel I had with me. I saw this angel like replace with a bigger angel, is the best I can describe it to you. And this went on and on, and on until I just realized I was ruined in a good way on the floor there. And the deposit that began to happen there, I began to linger to where like the next city we would go in some more encounters were in store for me at the time.

**Sid:** This is what you were praying for. Between you and me, did you really think this was going to happen to you? Between the two of us?

**Michael:** I had hoped. I didn't care any more. I had really, I didn't really care. I had hoped that something would happen. You know, I didn't care what it was. You know, I'm a reserved guy. But I came to a place, I was so hungry for this that whatever it would take, I didn't care what it would look like. I didn't care how it sounded. I just needed Him. I needed his presence.

**Sid:** How about you? Are you that hungry for God? Do you need His presence? I want to find out about these experiences because after them, so many miracles have broken out that he became normal. I want you to be normal. Don't go away. We'll be right back.

*We now return to It's Supernatural.*

**Sid:** Hello. Sid Roth here with Michael Kaylor. Michael was so hungry for God that he went all the way to Brazil and Randy Clark prayed for him, and he's never been the same since. It was like a series of experiences, night after night, getting stronger and stronger. And the most wonderful thing is he knows how you can do the same thing. Now Michael, you were taken to a room in the Spirit and tell me about this.

**Michael:** Well the first time this had happened, again, we were ministering to some leaders down there, like 2500 leaders on the stage. And Randy was speaking, and Randy was mentioning, you know, the testimonial of [unintelligible] and he said, "There's a pastor with me that consumed the fire of God." And when he did this, he pointed at me. I felt this presence, literally, a tangible presence come on me. I began to shake so hard. I was bent over in a chair and I began to uncontrollably laugh, and I was a little embarrassed because Randy is trying to teach. There are 2500 people there and I'm going, oh no.

**Sid:** And they wouldn't understand. You see, this has nothing to do with a joke or something being funny. This is the Spirit of God coming on him to laugh. And I have to tell you, even in the natural realm, that when you laugh, doctors have found that you release endorphins that even people that have cancer, they watch comedy shows and start laughing, and they get healed. How much more if God causes that laughter? So could you stop?

**Michael:** I could not.

**Sid:** I mean, you know, everyone is going to look at you and they did.

**Michael:** Oh yeah. They did. I didn't care. Again, I was at that place and mind was saying, stop this. You need this. In fact, somebody from the audience jumped up on stage, jumped on my back.

**Sid:** Why?

**Michael:** I asked my translator and she said, "He wants what you've got." I'm like, okay, but he needs to get it himself. And so he got off. And then as I'm laying there and I'm laughing uncontrollably, suddenly, it's like I'm being taken to this place, and it had never happened to me before. And this place is we were ushered in. It's like an angel takes me to this room and I'm ushered into the doorway and there's angels in there and they all come, and they begin just to line up. And at that point, I hear this voice, it said, "These are for you." It's like ministering spirit said to [unintelligible]. These are for you. You know, basically, you'll never be alone again and understand this.

**Sid:** Had you seen angels to that degree before Brazil?

**Michael:** Not like that, except, no, not before Brazil. Not at all. So we saw these, and I honestly believe that it was a, it has to do with the destiny that was unfolding in my life, that these ministry spirits would be there assigned to carry on that destiny, that mantle of God had put on my life that was suddenly awakened, even though I didn't totally understand it before, when it comes to the ministry of impartation that healing angels, this kind of thing. I had an angel walk in, in one meeting I was doing, holding a platter of body parts. I had never seen that before. So I'm like, okay, this is different. And they walk in and those two body parts I asked, "Who here needs healing in these areas?" And sure enough, some people raised their hands. So we had the team pray for them and they were healed.

**Sid:** Now I see a common denominator with you and with many people that I interview, and that is when they're so desperate, when they're so hungry, it's almost like that's the moment that God fills them. But what about someone that says, "Yes, I'm hungry. Yes, I want all of this. Of course I do. But I'm not desperate." How can someone, tell me how I can get hungrier for God than I am?

**Michael:** Well for me, simply, of course you asked. God made me hungry because He can do that. But for me...

**Sid:** I'm going to do that right. I suggest you do that right now. Repeat after me. God, in Jesus' name, make me as hungry as Michael Kaylor was when he went to Brazil. Say that out loud to God right now, and He's hearing you. Okay. I just did that.

**Michael:** Good. Because God always answers the cry of the hunger. I believe that. And but, one of the things we can do to stir that to co-labor with God in that, is I think it's vital that you surround yourself, like for example, testimonies of the miraculous, testimonies of those things that you desire to have in your life. I wish this was happening to me. Start listening. Watch DVDs. Read books.

**Sid:** Do you know what I'm getting more and more reports of? People are turning to our web page and get on the web page for six, eight hours a day. We have all our back archives there. That's what Michael is talking about. Could you picture seeing shows like this one right now back to back, as many as you want at your convenience?

**Michael:** Right. You can't be in the presence and it not affect you. And when you're drawing on those testimonies, the presence of God begins to stir. And I think it's important, too, that if you're hungry and you're willing for it to happen, that you give yourself permission to let God do whatever He wants to do.

**Sid:** Oh, that's a bold prayer. You ready? I'm ready. Repeat after me. Lord, I give you permission to do anything you want to do with me. Say it out loud and mean it. I mean it. Okay. I just did those two things. What's going to happen to me?

**Michael:** Who knows? It's good. It's always good. We know that. It's always good with God. And so when you're reading and looking at all this, the focus then of your heart becomes focused on the very thing you desire. And the thing you desire draws in a reality into your life that begins to create, not only the inside of you, but your external, your experiences come out of that aspiration and that desperation in your heart. And so the focus then begins to come from just hoping to your anticipation. You're expecting something to happen. Then when you begin to sense an encounter, I mean it may be you begin to feel heat in your hands or trembling, or whatever it is, just go with it. Allow God to do what He wants to do, whether you cry, you laugh, you shake, or you get real solemn. You know, it doesn't matter. There is pattern here. There is no like, you know, you got to do this, this and that.

**Sid:** The teenagers say something like this: You go with the flow. Is that what you're saying?

**Michael:** Yes, that's good. It's very true. [laugh]. And teenagers, you know, they're so hungry.  
**Sid:** Well you have to become like a little child.

**Michael:** You do. You do. That's exactly right. And you know, when all this began to happen in my life, I know my own family was so transformed by it.

**Sid:** How did your family change? I'll tell you what. Hold that thought. Because what you're about ready to hear it's what's going to happen to your family. Don't go away. Be right back

*We'll be right back to It's Supernatural.*

*We now return to It's Supernatural.*

**Sid:** Hello. Sid Roth here with Michael Kaylor. And how would you like to be burned out, not much going on supernaturally with you, and receive an impartation like Michael Kaylor did, because he's going to pray for you in a moment, and have your life change and have your family's life transform? What happened in your case?

**Michael:** Well when we came back from these trips in Brazil, one of the things that was amazing was my family was transformed because of the presence and the impartation that had happened. Because you know, a Christian life, it's natural to be supernatural. You know, we were created to reflect our Father, and He's nothing but supernatural. In fact, Jesus made mention of that. So anyway, we came home and one of the things that happened, there was an awakening in my whole family. I mean, my wife got such a huge baptism of love and her giftings were like activated. My kids, we have three kids, Mike, Tiffany and Stephanie, they became activated. They were seeing, began to see into the angelic, began to move in the prophetic, which was new to them. They had actually, my son, at the time, brought some friends at home and he went to the denomination Christian school and would, you know how that goes sometimes. Anyway, he said, "Dad, can we do a Bible study in the house?" And I said, sure. He said, "You know what I mean." I said, "Yeah, I know what you mean." So he brought his friends over and during the Bible study, it wasn't really a Bible study, because sometimes they only need a sermon, and we did worship. And then I just asked the Holy Spirit to come with the impartation. Well for example, there was one of his friends who was really not a believer in the sense of what we referred to, and she was so overwhelmed with the presence of God she began to laugh. That sounds familiar. Well she laughed so hard that she fell back on the floor, and as she sat up, she began to pray in the Holy Spirit. This was not her at all. And I had another young man who was crying on the couch so hard, crying for like 30 minutes. I finally walked over to him and I said, "What's going on? What's happening?" He said, "I love Jesus so much." He said, "When I leave here I'm going to go to the beach. I'm going to throw all my drugs into the ocean. I love Jesus." I didn't pray for him. I just asked the Holy Spirit to come.

**Sid:** Now your teaching is so transforming that, I mean, he literally makes it easy to walk in the supernatural. For instance, when you teach in some cities and places whole cities are transformed. Give me a couple of quick examples.

**Michael:** Right. We had one city that we were asked to come in. We were there for about four or five weeks and fortunately we were able to impart and co-labor with them. One of the things we taught on though was this impartation, receiving the power of the Holy Spirit, because the church without the power is dead, sort of. Anyway, this church, this denominational group, we were there and we went back two years later, and they actually got it. You know, they acted there. They picked us up and said two years later, "We're doing this stuff. We just did this conference and there were 3000, and all this healing happened. We can't believe it." And their church had grown. Their denomination had grown. They planted new churches. One church doubled. And it was just the presence of God. We had some friends that were missionaries in the Amazon River, or Amazon area. They had been for 27 years, had six converts. We just ministered to them, taught them, did an impartation to them, Holy Spirit, let your fire come. We came back two years later. They went from six converts to 250 converts. Now there was something that changed. They had labored all that time and got hardly anything. And what it was, it was that impartation of the Holy Spirit, because we have to live a life of impartation.

**Sid:** It's not just the impartation. It's also your teaching. For instance, you teach on refocus. What do you mean by that?

**Michael:** Well I believe that what you focus on you become. The reality that's on the inside of you is a result of what you allow yourself to focus on in life. And that reality then is reflected by your external circumstances. And I think one of the most vital things that we need to do is sometimes slow down and just slow our lives down, and begin to refocus on what it is that we desire, which for example, I desired the supernatural big time. And so as I began to focus on that, I really believe it is a principle. What you focus on you will become. And that is what I desired. It's like what Jesus said, "As a man thinks in his heart, so is he," or in Proverbs. And I think that refocusing means you've got to refocus and allow the Holy Spirit then to recreate that picture of what it's like to walk in the supernatural.

**Sid:** Give me an example.

**Michael:** Well for example, if you see people, again, going back to the power of the testimony, it's huge. I think, now don't take this the wrong way, but I tell people sometimes, you need to picture yourself, for example, laying hands on the sick and you need to picture those people getting up out of the wheelchair. You need to see this. You need to picture yourself with an open hand and you need to imagine what it is like to live in a supernatural realm, or maybe, you know, no guarantees. Maybe an angel will converse with you. Maybe your hands will be so dripping with oil that when you pray for people they're totally transformed. Because we've seen tumors disappear, cancer leave.

**Sid:** Do you see many people with cancer healed?

**Michael:** Oh we've seen, it's been a pretty amazing thing to us.

**Sid:** Give me one example.

**Michael:** Well we had one man in a wheelchair. He was an elderly man and he had 30 days to live. He had prostate cancer and they asked if we'd pray for him. And we said, sure, we'll pray for him. So we prayed for this man in the wheelchair. Thirty days later, bad cancer. And we came back to this church two years later and they said, "Remember that guy you guys prayed for?" I said, "Yeah." He says, "You know, after you left I want you to know what happened. That's the guy and he was running around the church during worship praising God because he was totally healed. His cancer is gone and you notice he's out of the wheelchair."

**Sid:** I find that, I hate to say this, because cancer is such a horrible, horrible disease. But Michael, I think it's easy with the anointing and the Word of God. Would you pray for whatever, I mean, the presence of God is strong right now in the studio. I want Michael to pray for you right now whatever God wants him to pray for you. Are you ready? Get ready to receive. It's like, have you ever seen these beach balls that you blow up like balloons, and if I was to throw it to you, what would you do? Just have your hands like this? No. You take your hands and you catch it and pull it into yourself. That's what I want you to do when Michael prays for you. Do that, Michael.

**Michael:** Alright. I want you to just to hold your hands like you're going to receive a gift. Two things are going to happen. We're going to do it for healing, because yesterday when I got here I

felt the healing presence and His presence is so here. Holy Spirit, I'm asking now that you would release the fire of healing, that your fire would come. And I speak to disease, and I command you to leave their bodies. I command cancer to go. Holy Spirit, let your fire now comfort healing. But Lord, I ask that you release now an impartation of your power and your presence to where these wonderful people will never be the same again. Holy Spirit, let your fire come. Let your presence come, Lord. Let the supernatural experience of who you are come, Lord, as if I was there. Lord, I lay my hands and I release a transference of what you've given to me. Lord, I ask you give them more. Lord, give them more than what you've given to me. Lord, give them more than they've even asked for, more than they're hungry for. Overwhelm them, Lord, with your goodness and never, ever let them be the same, Lord, from this moment forward. I ask you to do this, Lord in Jesus' name. Thank you, Father. Amen.

**Sid:** I believe that you are going to have, I mean, Michael has the ability that when he speaks you have, and when he prays, you have no more struggle with faith. Michael, I believe that as they watch you do something right now, they're going to have an explosion of the Holy Spirit on the inside. I want you to come right over here and put your hand, and pray for an impartation. I want that Brazilian impartation. Would you pray for me right now?

**Michael:** Yes. Holy Spirit, I ask you to release to you an impartation of fire. Holy Spirit, I ask your presence would come now. I ask that there be a transference of fire to come to Sid. Lord, I ask that his hands would burn with healing fire. Lord, I speak revelation, an impartation of revelation to Sid right now, Lord, that he will be overwhelmed with your power come. Lord, I thank you for that transference of your supernatural power into Sid and I release a fresh activation of all of these wonderful gifts, an unfolded destiny like he's only dreamed about, from this moment, Lord. Thank you, thank you, thank you. Amen.

**Sid:** Wow. I don't know about you, but I sure feel that. Freely, I receive and freely I give. You receive now everything that I have received, in Yeshua's name.
