*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** Hello. Welcome to my world where it's naturally supernatural. My guest tells me that this is a now, N-O-W, a now moment for you to experience the assistance and help of angels. As a matter of fact, there is a special angel whose name is Breakthrough that comes many times when he speaks. And I spoke to Randy DeMain, and I said, do you know what the catalyst is? I mean, what causes this angel to show up? And he said, "If the people really hunger for a visitation he will show up. And you're going to find out when this angel shows up he lives up to his name. What was his name? Breakthrough. And guess what's going to happen in your life? Breakthrough. Hello. Sid Roth here with Randy DeMain. And Randy provokes me to jealousy, because an amazing thing happened to him and his eyes are opened to the angelic realm. Randy, I have to ask you, are there any angels in this studio right now?

**RANDY:** There are, Sid. When we were coming in—

**SID:** Did you just hear that? He said there are. Did you hear that? There are. I'm sorry. Go ahead, Randy.

**RANDY:** I was very excited, because right at the very beginning when you began to step up and introduced, I watched an angel walk up behind you, and he began to put upon you gifts of healing. There are boxes and gifts that was upon you. And I believe you're going to move in healing before this night is over. Secondly, I saw an angel of praise and worship. And worship and praise are the elements that opens up and enthrones the king. So I saw those two already tonight, and we're just getting started.

**SID:** Well you know, I told the studio audience that my guest tonight does one of the most courageous things that I have ever heard of. Now I have to tell you, I do things because of God's help, and I'm sure that's why he does it, because help from God that the world would call courageous. But what he does is amazing. He goes into Muslim countries. He has campaigns to tell Muslims that Jesus is the son of God and he says, "Bring the blind, bring the deaf and if they're not healed I am not a man of God." Randy, that takes courage. How do you do that?

**RANDY:** I just do it because I believe God is who He says He is.

**SID:** Okay, how many times have you missed it? I guess you wouldn't be here if you missed it.

**RANDY:** I've actually done this four times that I can remember, and not one time has God failed to do exactly what He said He would do. And there have been deaf eyes opened and deaf ears opened the day before the meeting I'm going to have, so there's already a testament that God's power, miracle power is present.

**SID:** Tell me just one person blind that comes to mind that had got their sight. Tell me about one meeting somewhere.

**RANDY:** I remember of a young man probably in his early 20s, and he brought his mother forward for a word of knowledge to heal the blind. We were ministering to the blind. And I said a simple prayer of faith and declaration of over her. And she opened her eyes and she began to cry. I saw tears coming out of her face. But she wasn't saying anything. She was just grabbing the face of her son before I prayed for her. And finally I was able to capture her attention. I said, "Why are you crying?" She said, "For the first," Sid, "For the first time in 18 years I can see the face of my son who I love." It was the most incredible thing.

**SID:** I mean, what is that worth for a mother to see her son for the first time in 18 years. In Vietnam you had quite an experience with some angels. Tell me about that.

**RANDY:** I did. We were doing some humanitarian aid there, reaching out with the Gospel. And while we were there finishing up work one evening, we went to the hotel that we were staying out. Now interestingly enough sometime during the day several of the communist soldiers had come, and this was a few years ago back when the trade embargo was still in place. And so we had a time where it was precarious, I'll say at best, to be in the country. But we had permission. It was all good. But we walked into the hotel to begin to go up to our room to find out they had been drinking there all day, heavily drinking, and they were well armed. They had knives and machetes, pistols and rifles. And when we looked at that situation we knew that if we stepped into it, highly likely would it be that we would have an encounter and not a good one. And so we stepped back away, and we just began to think what might we do. We couldn't go to another hotel. We had all our belongings there. I said, God, what do we do? And He said, "Walk through their midst." So I turned to the men and I said, we're going to go in.

**SID:** Now you better be sure you're hearing from God when you walk through a bunch of drunken people with knives and high powered armament, and their not in a friendly state. You'd better hear from God. Go ahead.

**RANDY:** Absolutely. And that's what we knew as well. We knew our lives were in danger. In fact, we felt the severity of the moment. We were quite concerned if we were going to make it in. And so we stepped and I just took a deep breath, and I said, God, here I go. I didn't know what else to do but be obedient. We walked about probably 50 yards from the front of the hotel, past the check-in desk counter through several tables of soldiers sitting there that were drinking, that were rowdy, that were yelling, walked right through midst of them over to a stairwell that led upstairs. As we walked through them, myself and about 12 other gentlemen, we walked through, and I noticed that there was no one paying attention to us. It was like we weren't even there. We walked all the way through up the steps, and at the top step I turned back just to see what we walked through. And there my eyes were opened, and I saw two rows of angels standing facing each other, and they had made a corridor for us and allowed us to walk through right through the midst of that dangerous situation without any harm up to our rooms.

**SID:** How about if your eyes are opened to seeing angels. Well when we come back you're going to find out about a visitation that Randy had from Jesus and a gift, an amazing gift that was handed to Randy. Don't go away.

*We now return to **It's Supernatural**.*

**SID:** Hello. Sid Roth here with Randy DeMain. And in 2004, Randy was in Nigeria, and he had an experience with God that changed his life forever. And even better than that, it's going to change your life. I believe if you are hungry for God it's going to change your life. It's going to change your life tonight. What happened?

**RANDY:** We were doing a crusade in Nigeria. And the last night I was doing the crusade I was speaking and ministering there we had watched the Lord remove a whole swarm of locust off the people that the witch doctors had caused to come in. God supernaturally removed them. After that I began to declare the Gospel of the Lord Jesus Christ. Multitudes began—

**SID:** I still have to understand this. Why did so many, there were multitudes of locusts.

**RANDY:** Yes.

**SID:** How did they know God did it as opposed to they just took off anyway?

**RANDY:** I asked the local pastor and some of the leaders that were there. And I said, "Why are the locusts here? Is this the season? Did they just come?" And they said, "No, this is very common when we have Christian gathering of this size." And there were multiple thousands of people there that the local witch doctors and the shamans, that they'll curse the meeting and cause some type of disruption, in this case, locusts. They actually curse them and call them forth and send them in to disrupt the meeting.

**SID:** So how did you get rid of them?

**RANDY:** Well we began to stand up and declare the Word of God. We took authority of them as the Lord says that we can do. We have authority. So we began to say, "In the name of Jesus, I take authority over you, locusts, depart and be gone." And we began to go through that over and over. And it seemed like we were gaining some ground. But then people started to leave. And I got a little nervous. I said, the people are leaving. Now what are we going to do? And so I said, start the praise. Let's get the praise going, breakthrough praise. Let's get the praise going and let's hold on to this meeting. And no longer had we started the praise music when several of the hundreds of the people who left started coming back with pails and containers, and all sorts of devices that would hold water. And when they came back and they were in place, I thought, what in the world is this. And I was asking myself that, and I the band was going, so I wasn't talking. And the Lord says, "Now stand up and tell the locusts to depart, and declare that the witch

doctors have no authority over God." So I just simply stood up and I said, "My God is greater than any power that brought these locusts. So we command them in the name of Jesus Christ, Yeshua the Messiah, we command them to depart." And I'm telling you, Sid, within a moment's time they began to drop out of the sky or fly away by the multitudes until less than three minutes the sky was clear.

**SID:** Okay. When the people saw this they obviously knew that it was God. How many of these people in Nigeria turned their life over to God, would you estimate?

**RANDY:** We estimate about 15,000 people.

**SID:** Did you hear that, 15,000. I think there's a generation that may have to see signs and wonders. Okay. Then the last night Jesus came to visit you. What did he say?

**RANDY:** I was in the hotel after the meeting, and I was saying, "God thank you for everybody's sake, thank you for the miracles." And I said, "God, if you're going to move this way in Africa I just want to stay here. Let's just stay here. Let's do this everyday. I want to see the multitudes saved. I want to see them healed, delivered." And I was saying that, I was in praise with the CD that I had on and had earphones. And in my ears I hear this phrase, "I have a gift for you. Will you receive it?" And I was startled because I thought, that's not on my CD. I'm hearing something, it was like an audible loud voice, and so it caught my attention. I began to look up, and then as I looked up I began to feel that presence, the presence of the Lord when He comes. His presence precedes Him. And I began to sense that the Lord's presence was coming upon me. And at that moment as I looked up it was like a veil between one dimension and another opened, and a bright, bright, brilliant light, blinding light proceeded through this opening. And as I looked at it and sat back, then through this light appeared the Living Lord Jesus. And he walked fairly close to me, about the distance that you and I are today, three to five feet. And he said this to me. He said, "I have a gift for you. Will you receive it?" He repeated it, and I knew where the voice came from. My emotions were frozen. I was in fear and I was in love. I didn't know which to respond to, but I couldn't respond. So as I thought, the Lord began to talk to me. And he says, "An angel has come to me and asked to be a sign to you. His name is Breakthrough Revival." And he said, "What you experienced in that crusade when the locusts left, when the multitudes came, what you experienced when there was unprecedented signs and wonders, and miracles, when there was no limit, it was on Earth as it was Heaven. What you experienced there was the ministry that this angel and those that he commands, that's what they provide, an opening, a portal of ministry that's unhindered. They actually take off of your word, off of your actions, and they drive back the powers of darkness to withhold so you can minister into that place, the Gospel, without hindrance. And there is no delay in it, in its response, and there is no hindrance."

**SID:** The way the book is written.

**RANDY:** Yes.

**SID:** The way Jesus operated.

**RANDY:** Yes.

**SID:** And so this Breakthrough angel, the Lord told you that this angel was with a famous pastor by the name of, was it Benson Idioso?

**RANDY:** Yes.

**SID:** And tell me what Benson accomplished in his life in Africa, in Nigeria.

**RANDY:** He had a tremendous ministry. We know that he planted or started over 6000 churches.

**SID:** Did you hear that, 6000 churches planted or started?

**RANDY:** Amen. He raised somewhere between 28 people from the dead is the best estimate.

**SID:** What happens when Breakthrough Revival shows up in a meeting? What happens? Just tell me a couple of things real quick.

**RANDY:** Breakthrough's job is to break down any resistance against bringing forth the Gospel or people's ability to respond to the Gospel. And so when God is ready to move in an area among the people, the ministry of these angels is to break through the resistance, whether it be in your heart or whether it be a natural resistance.

**SID:** I'm going to ask you when we come back to pray for the breakthrough anointing for everyone. That's you and you. Don't go away.

*We now return to **It's Supernatural**.*

**SID:** Hello. Sid Roth here with Randy DeMain. And Randy, in 2009, you were told a phrase that you had never heard before, from God. Tell me about that.

**RANDY:** The phrase that the Lord spoke to me is the phrase, "Dominion Surges". Dominion Surges. And I asked, "God, what are dominion surges?" He spoke to me that, after I had the encounter with Breakthrough Revival and had taken that message to all the peoples that I could take that message to, that it was America's time and that God was ready to begin to move in America and in the nations, and into places where this message would be received. He said that after that message had been given He was ready for the next wave or the next move. So I took the message as one man. And then Lord began to show me it was time to form alliances for conquest and bring dominion surges, which would bring the second wave.

**SID:** Tell me about that couple from Texas when they sat under your teaching.

**RANDY:** Oh, we were doing actually a dominion surge. And we were moving how to do the surge, and we were moving through it. And this couple had come to the meeting. They had come and they told me they had lost everything, their jobs, their house, their car, everything. I saw them two weeks later, Sid. This is what they told me: "You won't believe this." I said, "What happened?" They said, "We had two cars given to us. We both got a job and we were given a house to live in for free in two weeks by declaring and decreeing the Word of God knowing that when we did it we were activating the angelic, and that we're also moving in the high praise, which enthrones God. And we saw the power of God become reality in our lives.

**SID:** And if I'm understanding you right, the difference between what you are teaching what most people receive is you proclaim God's Word and it manifests instantly. That's the way it's supposed to be. But you need a dominion surge for this to occur. And I believe that you can pray for our studio audience and our audience at home. And I believe that they are going to have a breakthrough anointing for those that would believe. Any of you going to be believing when he prays for you? Any of you going to be believing when he prays for you? You think I can't see you? You're right. It's okay. It's supernatural. Well who knows? All things are possible for those that believe. Okay. Pray right now. Look in the camera and pray.

**RANDY:** Father, in the name of Jesus, I pray for everybody watching at this very moment of time, everybody who has heard this word and needs a breakthrough. Because this breakthrough anointing that you've given me, Father, it's not only for me, but it's freely I receive and freely given. So Lord, as that breakthrough anointing is upon me to declare and decree the Word of God, declare freedom, liberty, restoration, God, over the people's lives, in the name of Jesus, I pray for everybody watching right now. And by faith right now I just release and I decree a breakthrough anointing on their lives right now. A breakthrough in every area that they need it: relationally, financially, physically, mentally, spiritually. I declare a breakthrough a breaking through, and a freedom for them to walk in and pursue what God has intended for them, that they might have the fullness of joy and the fullness of a restored life by the grace and the goodness of a God who loves them. So Lord, let it be so. Let angels be dispatched. God, let your Word be fulfilled and manifested and receive your Glory. In Jesus' name I declare it to be so. Receive it now. It's happening right now as you receive it. It's all over you. It's happening to you. Receive it. I see your rooms being filled with angels right now. I see people's hands receiving heat. I see their minds being free. I see doors opening. I see relationships being restored right now in the name of Jesus. God is moving all over this message wherever you are, whatever language you speak, whatever culture you're in. No limitations. This is your time for breakthrough. Receive it now in Jesus' name. Let it be so. Thank you Lord. Amen.

**SID:** I am just feeling the presence of God. Randy, I'm just curious on this. When you see the Breakthrough angel, when you see him, do many people in the congregation see the Breakthrough angel? Tell me the most that ever saw him in one meeting.

**RANDY:** In one meeting, I was in Alaska, and it was the one meeting that I know that, if not everybody, almost everybody saw him. Because the moment he appeared my worship leader

started messing up the notes. Her eyes got bigger, her mouth opened. And I turned around to the congregation, there was about 150, 175 people there. And the pastor ran out the door, and the people jumped underneath the pews because they were afraid of this angel. He was so magnificent.

**SID:** There's more. There is more for you than just plain religion. I mean, it's time for you to get desperate for God. It's time. If you haven't made Jesus your Messiah and Lord, you just made him your insurance policy, it's time to make him. Jesus said, "If you look warn, I'll vomit out of your mouth." It's time to make Jesus your lord. Do business with Jesus as soon as we go off the air, in Jesus' name.
